THE VOICE OF THE HIGHLANDS

THIS WEEK'S PRESS RUN—1806

HALIBURTON, ONTARIO Thursday, February 1, 1962

Established in 1882 as the Minden Echo & Haliburton Record

Wooden Bridge Strongly Opposed At Haliburton

When so called rumors were circulated that the present wooden bridge on Highway 121 at the approach to Haliburton was simply to be repaired and widened rather than a new bridge constructed most of us dismissed the idea as preposterous, but alas these stories were all too true.

Last week when operations started on the bridge the local Progressive Conservative association sent in wires of protest asking that work on the project be stopped at once.

On Saturday morning Messrs. Frank Andison, R. J. Curry, Frank Hodgson, Lester Walling and Berkeley Feir appeared before the Dysart council regarding this matter.

Mr. Frank Andison acted as spokesman for the delegation and after going over the whole situation and viewing the plans that were drawn up some two years ago for a new bridge and the elimination of the treacherous curve that one encounters when approaching the present one, it was decided that reeve Holly Sison would immediately contact Hon. L. M. Frost asking that operations cease pending further consideration of the matter.

The deputation was informed council had already sent a letter protesting the erection of anything but a concrete structure.

One can be pardoned for wondering just what we in Haliburton have done to merit such shabby treatment we have received insofar as this bridge matter is concerned. Any reasonable person must admit that if Haliburton is to expand the development, to a great extent, will occur to the west of the town hence was are all more or less concerned over the access bridge that will be provided for those who must travel back and forth.

If you drive down past Kinmount you will find near Phillips' saw mill a road leading into a reforestation project and when you travel along this road to where it reaches the Burnt River, just look at the bridge, if you will and you will find it is not an antiquated wooden affair such as you might expect but a splendid concrete structure, despite the fact that not 1% of the traffic would pass over it in comparison to what travels the present outdated affair at the foot of Head Lake.

Something is radically wrong here and we would like to know what it is.

New Apartment House, Coin Laundry A Surety

Mr. Rex Boice has informed us that his new coin laundry will be in operation on or about June 15.

The new enterprise which will be the first of its kind in the village of Haliburton, will be located in what has been known as the top of the Laking barn, which will undergo extensive alterations preparatory to the installation of 16 washers and eight dryers .Sufficient space will be allowed for more units when the need arises. The new laundry is conveniently located and patrons can be assured of ample parking room.

Mr. Boice also informs us that construction will get underway on his new apartment building as soon as weather permits and the five units contained therein should be ready for occupancy in the fall.

The apartments will be as modern as tomorrow, and contain two bedrooms, a kitchen-dinette, equipped with a fridge and electric stove, and a spacious living room 17 ft. by 20 ft. It is expected the new building will be centrally heated and air conditioned.

The contractor is Mr. Donald McPhadden.

$12,300 Fur Sale Districts Largest

The Haliburton Trappers' Association held a very successful raw fur sale at Haliburton, Monday, January 29. Buyers were present from North Bay, Sudbury, Jackson's Point, Toronto, and one manufacturer was present from Toronto. This was the largest number of fur buyers ever to attend a raw fur sale in this part of Ontario.

Trappers were very satisfied with prices offered, as buyers put up keen competition for their parcels.

Trappers attended from as far away as 150 miles.

The president and treasurer of the local association was in full charge of the sale.

Close to 700 beaver were sold, 30 otter, 50 mink, coon, fox, marten and fisher. $12,300.

Trappers realize now that where a large amount of raw furs are offered it brings good buyers and they receive good prices.

Two more sales will be held this year by this association but it is not expected to be as large as the first two held this year.

Visitors are welcome at any of these sales.

Buyers receipts totaled

T. HAMILTON DIES OF HEAD INJURIES

As we go to press we learn that Tom Hamilton of Minden who suffered severe head injuries while working in the bush, passed away in Bancroft hospital early Wednesday morning.

$10,000 Gift To Aid Girl Guide Camp

Mrs. E. A. Collins, Oshawa, central area commissioner, Girl Guides of Canada, has announced that Mr. R. S. McLaughlin, Oshawa, has given a most generous gift of $10,000 towards the development of their camp site in Haliburton.

Mrs. Collins expressed her gratitude and that of the members of the area council for Mr. McLaughlin's thoughtfulness. She said they had many plans which include putting in better roads, developing the waterfront and, of ocurse, a new building, which we had thought would not be within our reach for several years and now, through Mr. McLaughlin's generous gift this will all be made possible.

It was through the inspiration of the late Mrs. McLaughlin that the purchase of this site was made. She urged the area council to buy the property in order that Rangers, Guides and Brownies from the surrounding districts might enjoy the privileges of camping, and presented a cheque to central area to assist in its purchase. A later gift of money was given for the same purpose by Mrs. McLaughlin's daughters in honor of their mother.

The camp was formally opened on July 9, 1960, by Mrs. K. B. Clysdale, provincial commissioner and named "Camp Adelaide."

Camp Adelaide is a beautiful spot, about four miles east of Haliburton village. The property was chosen as being ideal for the camping needs of central area, which is composed of nine divisions. Mrs. W. G. Pounds, Minden, is commissioner for Haliburton division.

The camp consists of approximately 280 acres on Black Lake, with about 60 acres of three open fields and about 220 acres heavily wooded. The lake frontage encircles practically half the lake, plus two points of land jutting out from the adjoining shore, which lends itself admirably for overnight camping.

The camp is close to doc-

(Continued on Back Page)

SPORTS FLASH

A Minden rink skipped by Harry Cowan, carried off second prize in the annual Rotary bonspiel held in Lindsay on Wednesday. The Minden rink was only one point behind the winning Midland entry.

Harry Cowan, skip, Percy Brintnell, vice, Elwood Foster, second and Chas Brandon lead, made up the local quartette. The prizes were folding aluminum chairs.

Weather Report

January 1 - 31

Highest temp., 35 deg., January 25.

Lowest temp., 32 below, January 29 and 31.

Coldest day, January 31, max., 1 deg. above.

Average max. for month 20.5

Average min., 2.8 below.

Precipitation, rain .47 in., snow 39.5 in.

Depth of snow on ground, Jan. 31, 26 in.

Total snowfall since Nov. 1, 56.9 in.

HALIBURTON RED CROSS

At the annual meeting of the Haliburton Red Cross the following board was elected for 1962:

President, Elizabeth Nicol; first vice, Ray Arntfield; second vice, Mrs. Madeline Austin; secretary, Gerald Irish; treasurer, Lewis Roberts.

The following are committee chairmen: women's work, Mrs. Lila Austin; social convenor, Mrs. Agnes Pearsell; program, Mrs. A. Glassey; publicity, Mrs. Marion Henry; campaign, local, Mr. W. Niemi, cottagers, Mrs. A. Curry; water safety, unfilled (advisor, Tye Irwin); loan cupboard, Mrs. Hilda Kellett; disaster, Mrs. Anna Jones; sickand visiting, Mrs. W. Austin and Mrs. Hilda Kellett.

The standing committee is Mrs. D. Baker, Mrs. C. W. Hodgson, Mrs. Ruth Good, Mrs. M. Mounsteven, Mrs. Grant Yarnold, Mrs. Velma Smith, Mrs. Doreen Robertson, Mrs. Gerald Dawson, Mr. Russell Dart.

The nurse in charge gave her annual report as follows: admissions 289, births 91, outpatients 545, x-rays 399, operations 237, total hospital days 2,190.

Following the splendid report of the water safety committee it was decided by the board to try to expand the program considerably, provided enough funds are available, in order to provide further instruction for adults as well as children both in swimming and life-saving.

Plans for a new bathroom at the hospital are going forward, and the water supply situation has been entirely cleared by the installation of a chlorinator.

Regarding the possibility of a blood donor clinic, it was decided to try to get groups to go down to Lindsay by car at the time of the clinic there rather than try to have a separate one here.

Due to the very small profit derived from the annual Valentine dance last year the members debated at some length whether to continue this annual event, which entails such a great deal of work for the dance committee. After some discussion it was decided to have the dance again this year and hope for a bigger crowd.

Many of the board felt it was such a very nice social event in Haliburton that it would be sorely missed and the committee hopes for the same splendid co-operation they have always received from everyone in the community in the matter of food donations for the sumptuous buffet supper during the dance.

Tickets may be bought from any member of the board and also at the Laurentian Pharmacy.

Statement of Receipts and Disbursements for the year ended December 31, 1961

RECEIPTS—	
Net proceeds—fund raising campaign	$1862 46
Other donations	300 00
Net proceeds—dance	21 25
TOTAL RECEIPTS	2183 71
DISBURSEMENTS—	
Water safety program supplies	145 18
Share of cost of swimming instruction	635 00
Maintenance of lawn—top soil	12 00
Stationery, postage and miscellaneous	28 24
Purchase of cot	100 00
Paid to Canadian Red Cross out of campaign funds	500 00
	1420 42
Excess of Receipts over Expenditures	763 29
Cash in Bank January 1, 1961	531 81
Cash in Bank December 31, 1961	1295 10

ADDITIONAL INFORMATION—

Disaster Relief—Payments during the year for disaster relief in the amount of $99.68 were reimbursed by the Canadian Red Cross, Ontario division.

Haliburton Outpost Hospital Bequest Account—
(for capital expenditure only)
Bequest received during year
Estate Lillie Helen Horn $1531 95

Building Fund—During the year the balance in the building fund of $628.09 was transferred to Canadian Red Cross Society headquarters at their request.

Stage Set For Minden Winter Carnival

The Minden winter carnival committee has planned a full week end program beginning at 7.30 p.m. Friday evening and continuing until Sunday evening.

The following is a schedule of events:

Friday, February 2—

7.30 p.m., old fashioned sleigh ride; 9 p.m. carnival dance, carnival queen contest, moustache parade, draw for ski club jacket.

Saturday, February 3—

Snowman contest; ice fishing derby all week end until 4 p.m. Sunday.

8.30 a.m., jam can curling; 9 a.m. curling bonspiel at curling rink; 10.30 a.m. junior tobogganing; 1 p.m. official opening ceremony, Hon. Leslie Frost, reeve Pritchard, and carnival queen with dog sled; 1.05 p.m., tea making contest in snow; 2 p.m., figure skating carnival, slalom race, Minden ski club at Carnarvon hill; 3.30 p.m., snowshoe race; 4 p.m. broomball, sleigh rides, cutter rides, dog sled rides; 8.30 p.m., hockey game with Monarchs; 10.30 p.m. mocassin dance.

Sunday, February 4—

1 p.m., toboggan race; 1 p.m., turkey shoot at Rod and Gun club; 12.30 p.m., cross country ski races, auspices Minden ski club at Carnarvon hills; 2 p.m. public skating at community centre; 3.30 p.m., log sawing; 4 p.m. beaver skinning, rabbit and fish weighing, presentation of prizes.

EDITORIAL

In Quest Of Yesterday

FROM time to time we receive letters telling us how much you enjoy our weekly chapter of "In Quest of Yesterday," written by Nila Reynolds.

This history of Haliburton has brought acclaim from readers near and far.

Nila Reynolds has spent many an hour going to see various people and looking into old records to bring to you, our readers, memories of the past.

To some of you it gives the opportunity to re-live the past about things you use to do in the so called good old days.

We think among the many chapters we have read, one of the most interesting was the history of the Dysart telephone system. But in chapter after chapter there is write ups that should bring back memories for you.

Again we have received letters asking us if this story will be published in book form. To get a book published is not, by far, an easy task. You must go through various channels and then there is always the thought—will people read it.

It is our opinion that people will read this book and love it. It is so well written that you don't necessarily have to be a native to enjoy it.

We would like to say at this time that Nila Reynolds is doing everything in her power to have the book published and we hope that in the not too distant future we will have the good news that the book is on sale. But until this time we will just have to sit back and be patient. The biggest obstacle at the present time is getting it into the hands of a publisher.

Our Little-Known Industry

ALL the trappers love to come to Haliburton for the fur sales or that is what it seems. These sales which have been staged for the past couple of years are drawing attention of fur men from all over Canada.

The sales which are held by the Haliburton Trappers' Association, makes a show case for local and outside trappers to show off their furs and sell them to the highest bidder.

Harold Bannon, president of the Haliburton association deserves a lot of credit for keeping this group of men together and holding one of the largest sales in the country. To show you just how popular these events are, they featured trappers from Collingwood to North Bay at the sale held at the Legion hall at Haliburton on Monday. The sale was to have been held in the basement of the Orange hall, but the large crowd in attendance forced them to hold the sale at the spacious Haliburton Legion hall.

In the past most of these sales have ranged from $8,000 to $10,000 with each trapper receiving a good price for his fur. It appears that every time a sale is held they take in more money. On Monday all those attending the big event were treated to coffee at the door.

Besides being a fur sale it also gives the trappers the opportunity to get out and meet their fellow trappers. We join with the other citizens of the community in wishing the Haliburton Trappers' Association continued success with their sales, and we also welcome the trappers from other centres who will be attending these sales in the future.

Minden News and Views

Correction with regards to the fine to be paid by the Kinettes for not wearing toques, sum levied is 25c.

Week end guests with Mr. and Mrs. James Hie were Mr. and Mrs. Lawrence Hie and Tara of Toronto.

For anyone interested in historical pictures, we saw a colored picture of the clergy house in Minden in the Weekend Magazine last Saturday.

Mrs. James Graham is much better following her operation and may be home late this week.

Dr. and Mrs. Griffiths will be home late this week after a holiday in sunny California.

The Angus Coulters were Sunday visitors with Mr. and Mrs. Allan Cowan in Haliburton.

An exceptional speaker was at St. Paul's Anglican Church last Sunday morning in the person of Mr. Peter Letchford of the South Africa general mission.

Patients at the local hospital early this week were Mrs. Amy Cooper, Roy Little, Clare Hobden and Mrs. Thompson and baby girl, Mrs. MacIlwain and baby boy and Mrs. Bidgood an baby girl.

We hear that Keswick will meet the Minden Monarchs in the arena Saturday and this is one of just a few regular games left in the schedule.

* * *

Stanton Fund

A fund has been started and running for several weeks in aid of the survivors of the Stanton fire tragedy.

Begun largely at the suggestion of Mr. Gordon McKay of the Bank of Commerce, this fund is addressed to Ted Madill in trust. Associates of Ted in an advisory capacity are D. Pritchard of the Kinsmen and Rev. T. Gracie of the Rotary.

Contributions have come from many sources and the fund was able to bring Mr. Stanton's mother to his side from Blackpoole, England, within a few days of the tragedy.

Designed primarily to re-establish Jim Stanton after his experience, the fund will pay for the plane flight and the Stanton funeral, provide Jim with clothing and also pay for cemetery plots for Laurie and Judy Lee Stanton and Mr. and Mrs. John Hartley.

Money remaining after these expenses will be divided between Jim and the surviving Hartley twins who will be taken to England by their grandparents when they are able to travel.

The community at large is to be congratulated on giving of the generosity of their hearts, and Mr. Madill also has done a splendid job in taking care of this fund.

HALIBURTON U.C.W.

The first meeting of the U.C.W. (unit3) was held at the home of Mrs. Gostlin.

Mrs. McKnight, the president, opened the meeting with a short worship service.

In the business portion of the meeting many ways of raising money were discussed. One was a bake sale in February at Bishop real estate. The penny march and many others were decided on.

The February meeting is to be held at the home of Mrs. Lila Austin.

The meeting was brought to a close with the mizpah benediction, followed by a social half hour.

1961 PUBLIC HEALTH REPORT

As each new year approaches we look back and try to evaluate the work of the past year. We cannot say that any part is finished, for it is not. The health service in our schools is part of the life of the school. It is now accepted by the children, the teachers and the parents, and continues to grow with the children. Each year one notices a little closer relationship.

It is now a well known fact that in most of Ontario school children comprise the healthiest age group of the total population. Therefore it is our aim to bring the remaining groups up to the same level.

As they grow up, the school children, having been taught the fundamentals of healthful living, should automatically raise the health status of the adult group. Therefore our next concern must be the pre-school group. Ideally, the pre-natal group is the most important, but since we are not at present equipped to deal with that, except where school children are also involved, we shall have to have patience.

Since the school children are the healthiest group, and there is so much to be done in the other fields, it seems rather foolish to continue year after year, to inspect children who are apparently in perfect health. Each child however should have his vision checked occasionally so this is done in grades one, four and eight. There were 424 vision tests done in 1961 resulting in 44 children receiving eye care.

The teacher has an opportunity to observe each child daily, and should be able to detect any deviation from normal. The school nurse takes advantage of these observations by holding classroom conferences with the teachers in the classrooms, with the children quietly at work at their desks. The teacher and nurse discuss each child in turn, having before them all records pertaining to his health, progress, etc.

At the close of these conferences only those in need of attention are interviewed or inspected. In this way the nurse gets a much better understanding of each child and valuable time is not spent with those who do not need it.

During 1961 such conferences were held in all of the 60 classrooms. Partly as a result of these conferences 84 complete health inspections, as well as 34 hearing tests resulting in a hearing aid being secured for one child. Also, partly resulting from these conferences, 315 home visits were made concerning school and pre-school children.

Pre-school medical examinations by the family physician and for students entering high school have been a great step forward. Each year sees more parents co-operating. In 1961 more than 90% of children entering elementary school were given complete medical examinations by their own doctors. Most of the remaining 10% entered schools whose boards do not sponsor the program. (The doctors charge $3 and some of the boards pay half of that. The high school board also pays half.) Of the students entering high school, 93% had medicals.

During 1961, 322 families throughout the county were visited. Immunization clinics held totaled 29 with a total attendance of 1,185. About two thirds of these were for boosted doses. Those receiving the Heaf TB test numbered 2,117, with 25 positive reactions, but no cases of TB were found.

Another milestone for Haliburton county was reached when the Haliburton District Association for the Retarded Children was formed in April, resulting in the opening of a school for retarded children on January 3, 1962, with five children enroled.

It is interesting to note that this school health service has now been in operation for 10 years. During that time 4,601 home visits were made by the nurses; 206 immunization clinics were held with attendance of 4,780.

In closing I wish to express my sincere thanks to the many individuals and organizations for their help and co-operation in this important work. It has been a pleasure working with the five medical officers of health, as well as members of the county council, school boards, principals and teachers of the 24 schools, and especially the parents. We are all in this work together and the co-operation has been appreciated.

building a rec room? work shop? attic room?

MAKE YOUR HOME COMPLETE WITH

ELECTRIC HEAT

ECONOMICAL INSTALLATION

With flameless electric heating units, you don't have to extend or strain your present heating system. No duct work or expensive structural changes are required to provide maximum heating comfort in the added living space you're planning, because electric heating units operate entirely independently. Your qualified electric heating contractor can install them anywhere, at any time, quickly and inexpensively.

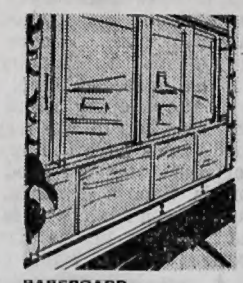
CAREFREE COMFORT

Flameless electric heating units provide the ultimate in heating comfort. With an individual thermostat in each electrically-heated room, you control both comfort and cost. Just set the exact heat you want, when you want it... turn it down when the room is not in use. Heat is provided almost instantly... no need to wait for heat to build up in a central system. Electric heat is as clean as light, produces no dust, no fumes, no products of combustion. The air is more healthful and drapes, rugs, walls stay clean longer.

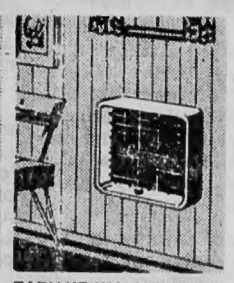
LOOK AT THESE ADVANTAGES

With flameless electric heat no heat is wasted up a chimney. With individual thermostats there's no need to overheat the whole house to make one room comfortable. Weather and wind direction won't affect your comfort. It's the ideal answer for hard-to-heat areas in your present home...that cold bedroom, a draughty bathroom. Electric heating units can be installed anywhere, anytime, quickly, easily and inexpensively in a size and capacity exactly suited to your particular need.

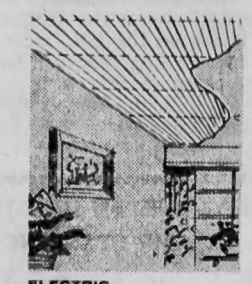
THERE ARE MANY KINDS OF ELECTRIC HEATING UNITS TO CHOOSE FROM



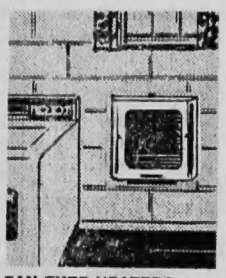
BASEBOARD CONVECTION UNITS
Inconspicuous metal baseboard units replace wooden baseboards. Under windows, they eliminate cold draughts.



RADIANT WALL PANELS
Radiant heating units, mounted into wall or ceiling, beam warmth like the sun throughout the room.



ELECTRIC HEATING CABLE
Hidden in the ceiling insulated heating cable provides complete heating comfort.



FAN-TYPE HEATERS
These units provide fast heat recovery, ideally suited to rooms having only occasional use.

DO IT NOW! JAN. 29 TO MAR. 10

Electrical Contractors and Hydro are working together in conjunction with the Government's Winter Works program. Their efforts are aimed at making it easy for you to enjoy the advantages of electric heat without delay. Your Qualified Electric Heating Contractor is trained to serve you.

Ask him how you can do it now and **PAY LATER!**

LARUE SCORES THREE—

Woodbridge Dodgers Too Strong For The Huskies

Scottie LaRue came home on Saturday night to lead the Woodbridge Dodgers to a decisive 13-3 win over the Haliburton Huskies.

It was very cold outside, but inside the large crowd were treated to a real good brand of hockey.

The Junior "B" OHA Woodbridge Dodgers play the same style of hockey as the professionals and after watching them in action on Saturday night, one can see why they hold down first place in their league.

This game proved two things—there's quite a difference in ORHA and OHA hockey as the score would indicate, and that the fans were treated to one of the smoothest clubs ever to perform at the Haliburton arena.

What a difference a year and good coaching can do for a hockey player. Take the case of Scottie LaRue. Here's a greatly improved player in real fast company and as the program states he should help the Woodbridge team to the title.

Although the game was one sided right from the start to finish it was worth the price of admission just to see what brand of hockey this Woodbridge team can play.

Scottie LaRue led the winners with the hat trick and this is very good work for a kid who is playing defence; and how the fans loved to see their favorite score these goals.

The game opened up and the teams went to the 13 minute mark before either side had scored. Although the Huskies kept them off the score sheet this long, they were being badly outplayed. Within three minutes after the 13 minute mark the Woodbridge Dodgers had a 3-0 lead on goals by Buchanon, Johnston and Sclator.

In the second period the Dodgers scored two more goals in nine minutes before they ran into their first penalty. Bob Hall was motioned to the penalty box by referee Joe Iles for tripping George Nicholls. The Huskies at this point started to put the pressure on Woodbridge for the first time in the game. Then Woodbridge received another penalty giving the Huskies a two man advantage. Again the Huskies tried to put on the pressure and when George Nicholls made two end to end rushes he brought the local fans to their feet, but the Woodbridge goalie was too good and the Huskies failed to score.

After the teams were back at full strength Woodbridge made it 6-0 and it was shortly after this that Bill Rinne put the Huskies on the score sheet. The period ended 7-1 in favor of Woodbridge.

The Huskies added two more in the third on goals by Sid Cooper and Gerald Bain, but while they were scoring two Woodbridge shot in six goals, three by Scottie LaRue. Final score Woodbridge 13, Haliburton 3.

Notes on the Game

The referee was Joe Iles and the linesman was Lennie Salvatori.

* * *

"Sixty" Coombs of Lindsay was the winner of the turkey. The draw took place between the second and third periods.

WATSON INJURED—

Jackie Raymond Stars And The Monarchs Win

Playing before the second largest crowd of the season the Minden Monarchs blasted their way to a 6-3 win at the Minden recreation centre on Saturday and the large crowd got their money's worth as both teams played it hard all the way.

The losers were Little Britain, the team that defeated Minden for its only loss of the season at the start of the year.

Although the Little Britain team are anything but polished, they look good as they put on their checking barrage and had Minden on the run at the start of the game, but Minden were not to be denied and came back checking the opposition at every opportunity.

The winning Minden team outshot the visitors 2-1. At times their shooting was erratic and therefore they missed several good scoring opportunities on breaks aways.

The Little Britain netminder was superb.

The star of the game was Jackie Raymond of Minden who scored a goal and assited on others. He played a tremendous two-way game all evening.

Only one injury in the game and that went to Phil Watson of the Monarchs who had to leave at the end of the second period with a chest injury.

The Monarchs led 1-0 at the end of the first only to have Little Britain tie it at two-all at the end of the second.

With two minutes left to play in the game Minden only led 4-3, but Paul Yearwood and Ron Sheehey put the game on ice with two last minute goals.

Larry Lonsberry led Minden in scoring with two goals and Neil Burk, Jackie Raymond, Paul Yearwood and Ron Sheehey had singles.

KESWICK vs. MINDEN

BEAVERTON vs. HUSKIES

The battling Haliburton Huskies have another busy week end coming up. This week end they play a back-to-back series with Beaverton.

On Friday night the locals will travel to Beaverton and on Saturday they will be home to play host to the same team.

Also this Friday the Minden Monarchs are scheduled to play Coboconk at the Minden arena, but that game will be postponed as Coby have dropped out of the league. On Saturday night Keswick will be the visitors on Minden ice in a regular scheduled ORHA tilt.

CURLING NEWS

The Haliburton ladies' curling club were represented at the Minden bonspiel on Wednesday. The Haliburton ladies' went with seven players and had to pick a skip from the Minden club. The rink skipped by Giselle Young of Haliburton won two games.

* * *

The Minden ladies' curling bonspiel was a great success with a good number of rinks entered. The weather was ideal and the games were all exciting.

* * *

The Haliburton curling club's annual mixed bonspiel is all set for Saturday, February 10. This week end at the Minden winter carnival the Minden club will hold their annual mixed spiel.

Monarchs 1st Huskies 2nd

The tri-county hockey league schedule has reached the half way mark, Minden are on top with the Haliburton Huskies in second place.

What's keeping these two teams on top of the league? Both teams have the answer. For Haliburton one good reason is George Nicholls, the Bobcaygeon flash, who is well out in front in the Huskies scoring parade, while Larry Lonsberry is burning up the ice for the Minden Monarchs.

In some games Nicholls has scored as high as six goals and has turned many losses into victory. Lonsberry, who quite frequently has scored the hat tricks for Minden, has proved to be their top scoring ace.

Nicholls and Lonsberry are two good reasons their teams are on top.

Huskies Win In Wild Game

Blood flew all over the ice, doctors were called in to patch up some of the players and the Haliburton Huskies won a hockey game on Friday night.

Playing in a game that featured 60 minutes of rough and dirty hockey that nearly brought out the police force, the local Huskies won a 7-3 decision over the Little Britain team in Little Britain.

The game was so rough that some of the heavy body checking nearly sent some of the players over the boards.

The referees, "Sixty" Coombs and Al Burns of Lindsay let the game out of control at the start and therefore it ended out of control at the end of 60 minutes of regulation play. Sticks were flying high and heavy throughout the battle and infractions of the rules were so bad that the game was at all times right out of control.

Little Britain, who were shoving their weight around all evening had the locals on the ropes until Murray Hague, who plays defence for the Huskies went out and took over. Hague hit everyone and everything on the ice and finally slowed up the boys from Little Britain to a slow walk.

To prove just how dirty this game was, the Haliburton Huskies spent 35 minutes of the game in the penalty box and they played 15 minutes of the game two men short.

The rough and ready game took its toll and while two of the Little Britain players were being rushed to the dressing room for repairs, Curry Bishop and Stuart Baker of Haliburton were also receiving medical attention. Bishop is minus one tooth and he has a cut in his lip that required two stitches. Stuart Baker was cut under the eye.

Between fights the boys did settle down to play a little hockey. Haliburton took an early lead of 1-0 only to have Little Britain tie it up. Near the end of the first the Haliburton crew went ahead to stay and led 2-1 at the end of the first.

They held onto a one goal edge and came out of the second period leading 3-2.

Although Haliburton always had the lead the game was in doubt until the last four minutes of play when the Haliburton big gun, George Nicholls, shot home two goals that broke the opposition's heart.

George Nicholls with four goals, Jim Scheffee with two and Stuart Baker with a single scored the seven goals for the winners.

Ice Chips

The management and players of the Haliburton Huskies are so fed up with the officiating at these tri-county league games, that they threaten to take it to the ORHA convenor. How much good will this do?

* * *

Dave Nicholls, the injured Haliburton player, is out and around with the cast off his foot but the doctors think it will be a few weeks yet before he will be back in uniform. Well let's hope he is ready for the playoffs.

* * *

Coach Albert LaRue was in Toronto on Friday night to see the junior "B" OHA all-star game. In his absence Lennie Salvatori was behind the bench in Little Britain.

* * *

We forgot to mention this but at the game January 20 at Haliburton, Wib Bain of Eagle Lake was the winner of the turkey. The draw for a turkey takes place between the second and third periods of all Huskies home games.

* * *

Rick Bain played a terrific game on defence for the Huskies and was one of the better men on the ice.

Weekly Sports

by Creighton Feir

Left over notes from the game with Woodbridge . . .

The Woodbridge Dodgers, who played in Haliburton have returned home. Although the classy Woodbridge team were too much for Haliburton it did serve to give the local hockey fans an opportunity to see a good team in action.

After seeing this team play hockey one can see why they are the leaders in the metro junior "B" group.

These future NHL stars played the game just like old pros. The way they picked their passes up with their skates also went to prove that they are tops in junior "B" action.

Credit must go to their manager and coach Ken Avarell who has coached the Dodgers for the past few seasons. He has had them in the play offs every time but he claims that this should be their year to go all the way. After seeing them in action Saturday night we believe he is right.

But Saturday night belonged to Scottie LaRue who had returned home this time on the opposing team — the Woodbridge Dodgers. After watching him in action one can see what good coaching can do for a player. LaRue who is the idol of all young hockey players, has served notice that he is making a bid for junior "A" in another couple of seasons. From here we hope it will be the big time.

Playing defence, Scottie has developed a good shift, a good shot and can skate with the best of them. The management of the Dodgers stated at the start of the season 'Scottie LaRue was and would be a big help back of the blue line.' How right they were as he also has turned into quite a goal scorer.

Something new was added to the game when the fans had the opportunity to buy a souvenir program at the door. The programs, which were signed by each individual player were sold at the gate. It gave all the information on the visiting club plus the line-up in the centre. The programs with Scottie LaRue's picture on the front were selling like hot cakes.

A chartered bus carried the team to town with a host of hockey fans. In conversation with some of them they stated that attendance was down in Woodbridge this season. Asking what the reason for the drop, they told us the rink is like our own—it's not heated. They said you can't blame the fans for not coming out to freeze to death. I believe Woodbridge is the only unheated arena in the junior "B" circuit.

The Woodbridge team seemed to be fresh when the game was completed. We wonder why as they played four hockey games last week. And so we say thank you to the Haliburton Huskies management for bringing in such a good team, and a good luck handshake to Scottie LaRue and the Woodbridge Dodgers. We hope you both reach the top.

To each and everyone, my many thanks.
—Mrs. Florence McGuire.

IN MEMORIAM

Harrison—In loving memor of a dear wife and mothe who passed away January 27, 1961:

Loving Memories

You are not forgotten loved one,
Nor will you ever be,
As long as life and memory last,
We will remember thee.
We miss you now, our hearts are sore
As time goes by we miss you more;
Your loving smile, your gentle face,
No one can fill your vacant place.
—Fondly remembered by Walter Harrison and family.

OBITUARY

George Ellwood Cliff

The death of George E. Cliff of Fenelon Falls occurred on January 10 at Hillcroft hospital, Bobcaygeon, following an illness of two years.

He was 80 years of age and had been a resident of the village for the past 10 years.

He was the father of three daughters and one son: Orilla (Mrs. A. Perry) of Trenton, Maisie (Mrs. A. Gibson) of Richmond Hill, Lila (Mrs. Cess Johnston) of Fenelon Falls and Jack Cliff of Scarboro. A brother Frank resides in Lacombe, Alta.

Birthplace of the deceased was Seaforth, Ont., and he attended school at Mar, Ont.

His marriage to Mabel Ferguson took place at Haliburton; and her death occurred in January 1956. His second wife, the former Edith V. Wise of Fenelon Falls survives her husband.

The late Mr. Cliff led an interesting and versatile life being first engaged in the lumbering industry. Later he operated the Red Umbrella Inn at Carnarvon. Following his moving to Lindsay, he had charge of the Victoria Laundry.

Interested in community activities, he belonged to the Orange lodge of Haliburton, North Entrance Scottish Rites, the Canadian Order of Forresters, and was a building inspector at Aurora, Ont. One of his greatest interests was **hockey.**

On January 13 the Rev. M. C. Fisher, minister of the United church which Mr. Cliff attended, conducted funeral services from the Platten Funeral Home.

Pallbearers were Messrs. W. R. Curry, Frank McIntyre, Ron Curry, Rea Stinson, Lorne Martin and Robert Wise. Interment was in Fenelon Falls cemetery.

Those attending the funeral from a distance included Mr. and Mrs. F. Parsons of Oshawa; Mr. and Mrs. Roy Head, Mrs. Lila Teatro, Mr. A. McFadgen of Lindsay; Mrs. A. Campbell, Miss E. Hutchings, Mr. and Mrs. W. McBrien of Toronto; Mr. R. Johnston of Stouffville; Mr. and Mrs. W. R. Curry, Mr. and Mrs. Ron Curry, Mrs. A. Jones, Mr. and Mrs. Mark Dean, Mr. and Mrs. R. Stinson, Mrs. B. Johnston, Mr. F. McIntyre, Mr. R. Dart of Haliburton.

LAND OFFICE BUSINESS ON AVAILABLE CROWN LAND

With the busy season insofar as land sales are concerned behind for another year, it is an appropriate time now to summarize what is available in the way of crown land in this district.

There is now crown owned farm land for sale anywhere within the district. All unalienated farm sized blocks of land are being retained in crown ownership for public recreation, forestry and game management purposes.

A limited amount of summer cottage land is still available in the northern part of Peterboro county and in Haliburton county.

Listed here are the lakes on which cottage sites are available, and the number of lots surveyed and ready for sale on each at the present time.

Haliburton County

Raven Lake, Sherborne, 19 lots; Koshlong Lake, Glamorgan, eight lots; Paudash Lake, Cardiff, 11 lots; Eels Lake, Cardiff, 16 lots; Monk Lake, Cardiff, 13 lots; Dudman Lake, Monmouth, three lots; Esson Lake, Monmouth, 12 lots; Lutterworth Lake, Lutterworth, 12 lots.

West Guilford Community Guild Look Ahead In 1962

In pioneer days whenever there were sickness in the community, neighbors took a day off to help with nursing. When death occured, a house to house collection was made to obtain money for flowers or a memorial.

Times have changed. It is no longer possible to take time off from work. Hospitals are here to take over nursing. Nevertheless the desire to be "a good neighbor" remains.

It was for this purpose of community welfare service that the Community Guild was formed 12 years ago.

The Guild is nondenominational and non-partisan. Membership is open to anyone who is interested in community welfare. One may join as an active member (one who can attend meetings regularly) or an associate member (one who wishes to contribute, but cannot attend meetings). Visitors are welcome at any of the regular meetings.

The Guild tries to keep a fund on hand to send cards to the sick, flowers or memorials for funerals and assistance after disaster.

Monthly meetings, held at various houses in West Guilford and Maple Lake give neighbors a chance to meet socially. Besides this we have a few standard projects listed in the forgoing.

Vitamin pills for the West Guilford school children; a June picnic at West Guilford school with prizes for sports and scholastic achievement; donations to various other organizations as Christmas seals, the blind, etc.; this year as a special project we hope to make a donation to the school for retarded children.

This year's activities for fund raising will be: membership dues; collections at meetings; euchre parties, one each month at the Green Canoe and one each month at a house in Maple Lake or West Guilford; a sports' day dinner in October at the West Guilford school; a musical play in co-operation with the Madrigals; a bazaar in December and a summer bazaar, usually held at Medley's.

Officers for 1962 are Mrs. Peggy Henderson, West Guilford; vice president, Mrs. Blanche Barry, R.R., Haliburton; treasurer, Mrs. Violet Simms, R.R. 1, Haliburton; secretary, Mrs. Carrie Morrison, Maple Lake.

IN QUEST OF YESTERDAY

A HISTORY OF HALIBURTON

by NILA REYNOLDS

(COPYRIGHTED)

Instalment Seventy-Seven

GUILFORD, HARBURN AND HAVELOCK

The destiny of the townships of Guilford, Havelock and Harburn have, since their purchase by the Canadian Land and Emigration Co. in 1861, become so entangled that it is like trying to distinguish where one color blends into another in a rainbow.

Today for purposes of municipal administration, these townships plus the unpopulate Clyde and Eyre, are united in ward three. Yesterday their fate was even more entwined for access to either Havelock or Harburn from the south was usually made by Guilford water routes.

According to the Trent watershed survey published in 1913 by the Commission of Conservation of Canada and authorized by C. D. Howe and J. H. White, Guilford township has the largest water surface of all the Provisional County of Haliburton townships which drain into the Trent. Thirteen percent of Guilford's total area equaling 6,000 acres is inundated. The largest of its lakes, Redstone, which alone occupies 2,500 acres, pours its trout filled waters from its sprawling rocky basin into two outlets which eventually flow into the Gull River waters.

Although it has since Indian days been attracting eager anglers, opinion is divided on how Redstone got the name which it has borne since the first surveyors staked out Guilford's lots and concessions for the emigration company.

One school of thought maintains that, like Muskoka, the lake was named for an Indian chief who once pitched his teepee beside its tranquil waters.

The more prosaic argument affirms that the lake was christened for the scarlet color which stains so many of its rocks.

On one point, however, agreement is unanimous—that the pink flesh of the lake trout which lurk beneath its surface are fit fare for a queen's table.

According to George Thompson's "Life of a Lumberman," as early as 1885 Redstone was attracting hunters and anglers from as far away as Buffalo, N.Y.

Thompson gives a thrilling account of how his loggers, bound for the Mossom Boyd depot camp between Redstone and Kennisis in Havelock rescued the half drowned members of the Queen City Hunt Club who had been shipwrecked in a gale while crossing Big Redstone.

Long before the U.S. tourists discovered Redstone's prolific waters, settlers from both eastern and western Guilford were trecking in to the lake for until the late 1920's no township road extended beyond Wm. Paul's farm. Highway 519 to Austin's Bay at the lake's south eastern extremity was built during the early depression years when the Canadian Land and Emigration Co., desperate for access to their most valuable timber limits, traded the entire township of Clyde to the province of Ontario in exchange for a highway from Haliburton to Redstone via Eagle Lake.

In 1932 extensive tracts of timber in Harburn and eventually most of the township of Eyre were purchased by the International Cooperage Co. of Canada Ltd., a Canadian subsidiary of a large American firm of barrel manufacturers who at one time owned 28,000 acres in the municipality of Dysart.

By April of 1933 the new cooperage mill at the foot of Eagle Lake sawed its first lumber. Its facilities were gradually expanded to include a boiler house, engine room, a sawmill or green side and a dry side where the kiln dried wood was manufactured into heading plus drying sheds, pump house and warehouse.

In spite of two disasterous fires which destroyed the plant in 1935 and again in 1940, the International Cooperage, until its suspension in the mid-50's, provided year round employment for an average of 60 men. At its production peak it took three contractors in addition to the Curry brothers, A. H. and W. A. who lumbered the company's limits following 1937, to supply the mill with its daily quota of 14,000 to 16,000 feet of lumber which in a year amounted to four or five million feet.

Through all the years that the mill operated the aroma of freshly sawn lumber and drying heading hung like incense over the whole village of Eagle Lake. The throb of the mill's engines, like the beat of some giant heart, vibrated among the hills while the steam from the hot pond clouded the yard where the thunder of the breaking log dumps woke the echoes. For decades the rural population set their watches by the scream of the cooperage whistle.

Although the cooperage company still owns most of the acreage originally purchased from the immigration company, their mill at Eagle Lake, one of the largest in the county, no longer operates. Its silent yard, once teeming with cheerful activity, like an abandoned graveyard is overgrown with weeds while the building itself, long shorn of most of its machinery, lies empty as a mummy case after the grave robbers have left.

Only the highway to Redstone which was the prelude ushering in the era of the International Cooperage, is still in use. Today it carries during the summer a heavier traffic than the the cooperage winter log haul which daily saw 25 trucks jettison their logs in the mill yard.

Over 350 summer homes now line the shores of Harburn's Haliburton Lake and land that once knew only the shout of the shanty boys or the laboring engines of the heavily laden log trucks, now echoes the children's laughter mingling with the voices of pleasure-bent summer residents.

MORE SPORTS

MURRAY BRADT HURT—

Minden Continue To Win

The Minden Monarchs continued on their winning ways as they dumper Sutton 13-8 in a game played in Sutton last Friday night. The Monarchs, who have lost only one game this season, found the Sutton Greenshirts very tough opposition.

In the previous game played between these two teams the Minden club had very little trouble in defeating Sutton, but on Friday night they ran up against a very stubborn Sutton club who refused to give up until the final bell.

The Minden club were hampered all evening by the hooking and holding by their opposition and they found this style of play to be quite a nuisance. The Minden team kept yelling for penalties but there were none and the Sutton club kept right on with their unfair antics.

A high sticking episode injured one of the Minden players, Murray Bradt. He had to leave the game due to a broken jaw and a loss of three teeth with 10 stitches required to close a cut in his lip. He will be out for the next few games.

Ron Burk in the Minden net got off to a shaky start allowing five goals but his teammates evened things up when they scored six times to give the Monarchs a 6-5 lead.

At the end of the second period the Monarchs had increased their lead to 9-7, and they went on to win 13-8.

Goal scorers for Minden were John Devitt with five, Larry Lonsberry with three, Neil Burk and Jackie Raymond with two each and Bev. Gartshore with one.

Blue Line Shots

Ron Burk, who had a shaky start in the Minden net settled down in the second period and came on to play a terrific third period.

* * *

John Learoyd, who is well known in these parts, is coaching the Sutton club. He was their ace player a few years back.

* * *

Sutton won't be winning any prizes for the largest attendance of the season. In the game with Minden a small crowd of 75, and most of them from Minden, watched the game.

* * *

The star of the game was Monarch John Devitt who scored five goals and assisted on a few more.

* * *

The game produced very few penalties.

C. C. C. Curling News

At a meeting on January 25 the turnout to which certainly reflects the growing enthusiasm for what some of the members present used to consider weight lifting, a board of directors was approved unanimously.

The functions of the board will be to decide on policies and regulations which, directly or indirectly, reflect the interests, dignity, progress and decorum of the club.

A director from each section of the community of Haliburton county east that is represented by membership, was selected, with the result that president Bill Burt, as chairman and vice president Keith Cameron as secretary of the board, have Dallyn Pickins of Gooderham, Chester Schwandt of Harcourt, Ross Anderson of Tory Hill and Jack Wallace of Wilberforce, to comprise an executive which we feel will strengthen this prodigious organization.

Well girls, you dood it! We now have about 20 lady members and are in the process of drawing up a schedule for six rinks. Rumor has it that there is a nice trophy being offered for this competition.

Who says Murray's eyesight isn't good? From the hack he spots cigarette ashes half way down the sheet, no less.

"By golly," sez Mel, "there IS something to this sweeping after all," when a potential blocker became a biter.

Get your tickets for the fund committee's coming event! One dollar could let you in on a bout that involves the Two Mighty Mice. Chairman Jack assures us that either of these 150 ounce giants could challenge, and possibly knock out, several times their own weight.

DYSART COMMUNITY CENTRES BOARD

SCHEDULE FOR ARENA

LOCHLIN

Mr. and Mrs. Weldon McPhail, Jim, Carol and Aubrey of Agincourt spent the week end with relatives in the village.

Congratulations to Mr. and Mrs. Doug. Carpenter on the arrival of a baby boy on Jan. 25, a brother for Michael and Jeffrey.

Muriel Francis of Minden was a week end visitor with her parents, Mr. and Mrs. Bert Hicks.

Mrs. Raymond Congdon and Mr. and Mrs. Walter Bacon were visitors to Toronto on Sunday. Wee Brian Bacon, who has been confined to Sick Children's Hospital, was able to return home with them.

Mr. adn Mrs. Bud Dart were week end visitors with Mr. and Mrs. Harvey Minaker.

Mr. and Mrs. Keith Hall and Mr. and Mrs. Archie Brown attended the funeral of the late Mrs. Joe Barton in Bowmanville on Tuesday.

Messrs. Russell Robertson and Les. Hicks who are employed at Barrie, spent the week end at their homes here.

Mr. and Mrs. Jim Wruth, Mr. and Mrs. Orville Hicks, John Smoke and Bill Eades were Sunday visitors with Mr. and Mrs. Murray Wruth.

Mr. and Mrs. Art Varley were week end visitors to their summer home here.

Mrs. Harvey Minaker and Mrs. Sandy Gilbert spent one day last week with Mrs. Walter Harrison.

Mr. Mervin Gilbert was a business visitor to Fenelon Falls on Monday.

Friends of Edge Vangeson will be pleased to learn that he has recovered enough to be released from the Ross Memorial Hospital, but is confined to Aldersyde rest home in Cannington.

DONALD

Mr. and Mrs. Henry Howe of Maple Lake were Sunday visitors at the home of Mr. and Mrs. Ralph Pasquino.

Mr. and Mrs. John Pasquino of Peterboro were week end visitors at the home of his parents, Mr. and Mrs. Sam Pasquino.

The local school children are enjoying coasting on their toboggans on the hills north of the village. On Sunday the older folk joined in with them.

We are pleased to report Mr. Ronald Pasquino was released on Saturday from the hospital, and is now at home.

Messrs. Charles and Edward Brohm spent the week end with their parents, Mr. and Mrs. Ernest Brohm.

Mr. and Mrs. Peter Glover and daughter Anne of Guelph were week end visitors at their summer cottage on Koshlong Lake.

A number from here attended the hockey game between Woodbridge and the Huskies in Haliburton Saturday evening.

MONMOUTH COMMUNITY CENTRE NEWS

The following are the curling results for the week of January 22.

Roberts 5, Schofield 4.
Agnew 7, R. Anderson 5.
Sisson 9, Cameron 2.
R. Anderson 9, J. Anderson 5
Lindsay 9, J. Anderson 6.
Klapow 9, Burt 3.
Klapow 9, Cameron 1.
Schofield 8, Burt 6.
Sisson 8, Tallman 2.
Lindsay 12, Agnew 4.

A game of exhibition hockey was played January 22 when the Peterboro Bible College showed their superiority by soundly trouncing Gooderham. However, the Peterboro boys enjoyed the game and expect to return at a later date.

Three games were played by the town league with the following results:

Monmouth 7, Cardiff 1.
Monmouth 8, Kinmount 4.
Harcourt 14, Cardiff 4.

A group of figure skaters from the Monmouth club attended the tests being given at the Lindsay arena on Jan. 28. It was of interest to observe the preliminary and first tests that gave the members an idea of what they must be able to do to win their laurels. The Dutch waltz which followed had many participants. Some of these were tiny tots and did remarkably well.

We are happy to note that a new member for the figure skating club of 1966 was born to Mr. and Mrs. Bidgood January 26. Congratulations folks.

INGOLDSBY

Congratulations to Mr. and Mrs. Doug Carpenter on the birth of a baby boy, a brother for Michael and Jeffrey.

We are glad to hear that Mr. and Mrs. Reg. Burk now have their infant baby home the hospital.

The Ingoldsby W.A. held their weekly sewing bee at the home of Mrs. Jack Frances.

Two baby showers were held this week at Ingoldsby. On Thursday night a surprise shower was held for Mrs. Donna Hicks at the home of Mrs. Reg Hicks, and on Saturday evening a shower was held for Mrs. Pat Burk at the home of Mrs. Lawrence Winch.

Mr. and Mrs. Ron Harrison and family spent the week end with relatives here.

Mr. and Mrs. Doug Carpenter and family visited recently with Mr. and Mrs. Andy Paul.

Mr. and Mrs. Harry Burk and family visited on Sunday with Mr. and Mrs. Mac Burk.

Messrs. Lester Hicks, Reg. Hicks, Russell Baker, Russell Robertson, who are employed with the hydro, spent the week end at their homes here.

Mr. and Mrs. Everett Burk visited recently with her mother, Mrs. E. Elstone.

Mr. and Mrs. Don Perrin and sons of Trenton spent the week end with her parents.

Mr. and Mrs. D. McGuire and Donald of Trenton visited recently with local relatives.

Mrs. Teasdale Sr. is holidaying with members of her family in Peterboro.

A card party with proceeds in aid of the community church furnace fund was held recently at the home of Mr. and Mrs. Arnold Gill. Those present enjoyed a pleasant evening. Prizes for high scores were won by Mrs. Buchanan and Walter Besse.

Mrs. Hobden and Walter spent the week end in Toronto.

Mrs. Moss Kellett of Cornwall visited recently with relatives in the village.

Mr. Fred Vickers, who is with the U.S. army, stationed in Denver, Colo., has returned to his base following a month's holiday with his wife here.

Mr. and Mrs. A. Cote were in Toronto on Saturday.

Mr. and Mrs. L. Henry spent Saturday in Peterboro.

GENERAL MEETING of the Haliburton District Association for Retarded Children on Thursday, February 22 at 8 p.m., Legion hall, Haliburton.

HALIBURTON LAKE

Mr. A. B. Bonner of Thornhill, president of the Haliburton Lake Cottagers' Association, visited his cottage at the lake on Sunday, January 21. He reports that there was slightly over two feet of snow on the level.

He also learned from Clarence Howe that several more cottages were broken into during the preceding week, with the apparent objective of stealing liquor.

HALIBURTON

Mr. Ronald Austin of Huntsville was a guest here over the week end.

Mrs. Ruth Good received news on Tuesday that her father, Dr. Dunlop of Vancouver was ill. Mrs. Good left Haliburton at 10 a.m., caught a plane and was at his bedside at 8 p.m. that same evening.

Miss Donna Johnson of Huntsville spent the week end at the home of her parents here.

(Continued from Page One)

tors and the Red Cross hospital; easily reached by highway; a small lake with sandy bottom rarely rough, and boats and canoes can be easily controled; flat fields for tent pitching and plenty of space for wide games; lovely wooded hills for exploring and making nature trails; unlimited wood for fires and gadgets.

One project for the future has been consideration of a chapel on a hillside where hundreds of silver birch trees abound. The girls could hold their "guides own" in this beautiful setting looking right through to the lake.

Three cottages are on the camp site and it is the hope of the area council to put up a large building for use in inclement weather.
